**Benefits :**

Proper coral food all corals are edible.

Mixed with fish food It will make the fish color fresher within 1 month without any harm to the fish in the long term.

**Infomations :**

**PetLifeElite<sup>R</sup> PhytoFoodP<sup>TM</sup>** is a naturally occurring blue-green, filamentous algae. In recent years, microalgae has attracted a great deal of enthusiasm from animal nutritionists. Our microalgae is intensively cultured on farms and processed by the spray drying technology. Spray drying is a procedure which allows for the removal of moisture from algal slurries by passing through a propulsive engine followed by pumping the particulate stream through a small orifice under high pressure causing low temperature drying and sizing with minimum disturbance to heat labile nutrients.

**PetLifeElite<sup>R</sup> PhytoFoodP<sup>TM</sup>** may be used as a basic food for larva and fry in most forms of aquatic animal husbandry or alternatively as a feed ingredient or additive.

**PetLifeElite<sup>R</sup> PhytoFoodP<sup>TM</sup>** is intended for use with all types of filter feeding marine invertebrates, as well as SPS and LPS corals. High nutritional value : **PetLifeElite<sup>R</sup> PhytoFoodP<sup>TM</sup>** is a highly nutritious food source that is rich in protein, vitamins, minerals, and other essential nutrients. It can help to promote healthy growth and development in fish and other aquatic animals.

Boosts immune system : **PetLifeElite<sup>R</sup> PhytoFoodP<sup>TM</sup>** contains compounds that can help to boost the immune system of fish and other aquatic animals, making them more resistant to diseases and infections.

Enhances coloration : **PetLifeElite<sup>R</sup> PhytoFoodP<sup>TM</sup>** can help to enhance the natural coloration of fish and other aquatic animals, making them more vibrant and colorful.

Promotes digestion : **PetLifeElite<sup>R</sup> PhytoFoodP<sup>TM</sup>** is easy to digest and can help to improve the digestion and absorption of nutrients in fish and other aquatic animals.

Lowers stress : **PetLifeElite<sup>R</sup> PhytoFoodP<sup>TM</sup>** can help to lower stress levels in fish and other aquatic animals, which can help to improve their overall health and well-being.

#### **Ingredients :**

Aquacultured Spirulina 99%

Contains no phosphates, nitrates, salt, yeast, gluconates, lactates, or other sugars.

#### **Directions :**

**Coral Feeding :** Add 1 spoon (inside) per 250 gallons (1,000 liters) once a day. Adjust dosage accordingly quantity of corals. In heavily stocked reef aquariums, the dosage will likely need to be increased, however take care not to overfeed.

**SOD for fishes :** Add 1 spoon (inside) per food 5-10 spoons and add **PetLifeElite<sup>R</sup> C+VitaminC<sup>TM</sup>** 10-20 drops and **PetLifeElite<sup>R</sup> G+GarlicExtract<sup>TM</sup>** 2-5 drops.

**PetLifeElite<sup>R</sup> PhytoFoodP<sup>TM</sup>** can be mixed with other types of food, such as frozen or live food, to enhance their nutritional

value. Simply mix a small amount of spirulina powder with the food and feed as normal.

**DIY gel food :** **PetLifeElite<sup>R</sup> PhytoFoodP<sup>TM</sup>** can be mixed with other ingredients, such as gelatin or agar, to create a gel-like food that can be cut into small pieces and fed to fish and other aquatic animals.

**Freshwater & Saltwater suitable.**

#### **To Calculate :**

##### **How much does your tank need to add?**

**Width (inc) x Length (inch) x Height (inch) / 64,000 = Volume (spoon)**

*For example : 20" x 48" x 20" / 64,000 = 0.3 spoons*

*Width (cm) x Length (cm) x Height (cm) / 1,000,000 = Volume (spoon)*

*For example : 50 cm x 120 cm x 50 cm / 1,000,000 = 0.3 spoons*

#### **Guaranteed Nutrient Analysis :**

Crude Protein : 48.5% (min)  
Crude Carbohydrate : 0% (max)  
Crude Fat : 12.8% (max)  
Vitamins : 18.1% (min)  
Calcium : 4% (min)  
Iron : 0.8% (min)  
Iodine : 0.8% (min)  
Others : 15.0%

**Guaranteed Analysis :**

Ash (max) : 8%  
Dietary Fiber (max) : 1.2%  
Moisture (max) : 0.5%  
Phosphorus (min) : 0.7%

**Remark :**

Keep out of reach of children.  
In case of contact with hands or eyes rinse with plenty of water.  
Safe for human consumption fishes , shrimps and crabs.  
For aquarium and pond use.
