500,000 liters

**Barcode :**

009989140967

**Volume :**

1.7 fl oz / 50 ml

**Treat up to :**

12,500 gallons / 50,000 liters

**Packaging :**

Green Glass Bottle

**Benefits :**

High protein, high concentration, no water mix, low price compared to other brands

**Informations :**

**ReefLifeElite<sup>®</sup> SPS+PhytoFood<sup>™</sup>** is present advanced reef hobbyists with a concentrated suspension of whole, unicellular phytoplankton for a broad range of filter feeding invertebrates. A highly-concentrated suspension of Nannochloropsis, Tahitian, Isochrysis, and Tetraselmis, contains over 5 billion cells per drop. Rich in VIR, THI, and amino acids for maximum benefit to marine reef. Size range of phytoplankton (2-80 microns) is optimal for feeding a wide range of filter-feeders. Requires no refrigeration or freezing.

**ReefLifeElite<sup>®</sup> SPS+PhytoFood<sup>™</sup>** provides necessary proteins, carbohydrates, and lipids for live hard & soft corals, tube worms, clams and other invertebrates. **It is rich in the omega-3 fatty acids, DHA and EPA and is useful in feeding rotifers and other plankton and in raising larval fish.**

**ReefLifeElite<sup>®</sup> SPS+PhytoFood<sup>™</sup>** is free of viruses, toxins and heavy metals which can be a problem when using live algae cultures, cultured in outdoor ponds.

**Ingredients :**

Nannochloropsis, Tetraselmis, and Isochrysis sp. Tahitian, lecithin and biotin.

Contains no gluconates, lactates, or other sugars.

**Directions :**

**Shake well before using.**

**Add 1 drop per 25 gallons (100 liters) once a day. Adjust dosage accordingly thereafter. In heavily stocked reef aquariums, the dosage will likely need to be increased.**

**Be careful not to let the dropper touch the water. One capful of the 250ml container is 15ml.**

One capful of the 300ml container is 15ml.

One capful of the 500ml container is 15ml.

One capful of the 1,000ml container is 15ml.

One capful of the 5 liters container is 20ml.

One capful of the 20 liters container is 50ml.

**To Calculate :**

**How much does your tank need to fill?**

**Width (inch) x Length (inch) x Height (inch) x 15.625 / 100,000 = Volume (drops)**

**For example**

**20" x 48" x 20" x 15.625 / 100,000 = 3 drops**

**Width (cm) x Length (cm) x Height (cm) / 100,000 = Volume (drops)**

**For example**

**50 cm x 120 cm x 50 cm / 100,000 = 3 drops**

**Remark :**

Keep out of reach of children.

In case of contact with eyes or hands rinse with plenty of water.

Safe for human consumption fishes , shrimps and crabs.

For aquarium and pond use.
