16.8 oz (480 g)
34 fl oz (1,000 ml)
For all kinds of corals and baby fishes

200,000 liters

Barcode :	Weight :	Volume :	Treat up to :	Packaging :
009989041608	2.1 oz / 60 g	4.2 fl oz / 125 ml	6,250 gallons / 25,000 liters	PET Plastic Jar

Benefits :

Natural food rich in protein and nutrients that will allow the baby fishes and corals to grow fully.

Infomations :

PetLifeElite[®] ZooFoodP[™] is a suspension of whole bio-engineered marine zooplankton raised in a remote area of the world. Animal size is approximately 100-200 microns, ideal for filter-feeding marine invertebrates as well as planktivorous fish. Provides incredibly high concentrations of Omega-3 fatty acids and carotenoid pigments. Contains essential amino acids, fiber and high levels of color enhancing compounds. Surpasses brine shrimp nauplii in nutritional profile; may be used as a complete brine shrimp nauplii replacement.

PetLifeElite[®] ZooFoodP[™] is rich in Omega-3 fatty acids, biological pigments, and protein.

PetLifeElite[®] ZooFoodP[™] provides reef hobbyists with a natural zooplankton food source, one that is readily accepted by all types of LPS, and soft (leather) corals, as well as polyps, clams and other bivalves, and many species of marine fish (from gobies to juvenile angelfish and butterflyfish)

PetLifeElite[®] ZooFoodP[™] is intended for use with all types of filter feeding marine invertebrates, as well as planktivorous fishes and baby fishes also.

Ingredients :

Aquacultured marine zooplankton.

Contains no phosphates, nitrates, salt, yeast, gluconates, lactates, or other sugars.

Directions :

Add 1 spoon (inside) per 250 gallons (1,000 liters) once a day. Adjust dosage accordingly quantity of corals. In heavily stocked reef aquariums, the dosage will likely need to be increased, however take care not to overfeed.

Our product goes through a dry-freeze process so it is lightweight. We recommend water dissolution in a moment to make it sinking before use.

To Calculate :

How much does your tank need to add?

Width (inc) x Length (inch) x Height (inch) / 64,000 = Volume (spoon)

For example : 20" x 48" x 20" / 64,000 = 0.3 spoons

Width (cm) x Length (cm) x Height (cm) / 1,000,000 = Volume (spoon)

For example : 50 cm x 120 cm x 50 cm / 1,000,000 = 0.3 spoons

Guaranteed Nutrient Analysis :

Crude Protein (min) : 43.2%

Crude Carbohydrate (max) : 2%

Crude Fat (min) : 13.3%

Vitamins (min) : 12.8%

Calcium (min) : 5%

Iron (min) : 0.5%

Iodine (min) : 0.6%

Guaranteed Analysis :

Ash (max) : 8%

Dietary Fiber (max) : 1.2%

Moisture (max) : 0.5%

Phosphorus (min) : 0.7%

Remark :

Keep out of reach of children.

In case of contact with hands or eyes rinse with plenty of water.

Safe for human consumption fishes , shrimps and crabs.

For aquarium and pond use.
