300,000 liters

Barcode :

009989140967

Volume :

1.7 fl oz / 50 ml

Treat up to :

12,500 gallons / 50,000 liters

Packaging :

Green Glass Bottle

Benefits :

High protein, high concentration, no water mix, low price compared to other brands

Informations :

ReefLifeElite[®] SPS+PhytoFood[™] is present advanced reef hobbyists with a concentrated suspension of whole, unicellular phytoplankton for a broad range of filter feeding invertebrates. A highly-concentrated suspension of Nannochloropsis, Tahitian, Isochrysis, and Tetraselmis, contains over 5 billion cells per drop. Rich in VIR, THI, and amino acids for maximum benefit to marine reef. Size range of phytoplankton (2-80 microns) is optimal for feeding a wide range of filter-feeders. Requires no refrigeration or freezing.

ReefLifeElite[®] SPS+PhytoFood[™] provides necessary proteins, carbohydrates, and lipids for live hard & soft corals, tube worms, clams and other invertebrates. **It is rich in the omega-3 fatty acids, DHA and EPA and is useful in feeding rotifers and other plankton and in raising larval fish.**

ReefLifeElite[®] SPS+PhytoFood[™] is free of viruses, toxins and heavy metals which can be a problem when using live algae cultures, cultured in outdoor ponds.

Ingredients :

Nannochloropsis, Tetraselmis, and Isochrysis sp. Tahitian, lecithin and biotin.

Contains no gluconates, lactates, or other sugars.

Directions :

Shake well before using.

Add 1 drop per 25 gallons (100 liters) once a day. Adjust dosage accordingly thereafter. In heavily stocked reef aquariums, the dosage will likely need to be increased.

Be careful not to let the dropper touch the water. One capful of the 250ml container is 15ml.

One capful of the 300ml container is 15ml.

One capful of the 500ml container is 15ml.

One capful of the 1,000ml container is 15ml.

One capful of the 5 liters container is 20ml.

One capful of the 20 liters container is 50ml.

To Calculate :

How much does your tank need to fill?

Width (inch) x Length (inch) x Height (inch) x 15.625 / 100,000 = Volume (drops)

For example

20" x 48" x 20" x 15.625 / 100,000 = 3 drops

Width (cm) x Length (cm) x Height (cm) / 100,000 = Volume (drops)

For example

50 cm x 120 cm x 50 cm / 100,000 = 3 drops

Remark :

Keep out of reach of children.

In case of contact with eyes or hands rinse with plenty of water.

Safe for human consumption fishes , shrimps and crabs.

For aquarium and pond use.
