Benefit :

**ReefLifeElite<sup>R</sup> AragoniteL<sup>TM</sup>** is a complete calcium buffer system designed to give the same results as costly calcium reactor systems without investing in a reactor, CO<sub>2</sub> tank solenoid, and pH controller; also, there is no risk of overdosing CO<sub>2</sub> and causing subsequent problems with algae and/or pH. **ReefLifeElite<sup>R</sup> AragoniteL<sup>TM</sup>** will raise the concentrations of calcium, magnesium, strontium, and carbonates (alkalinity) in the system, and is chloride, phosphate, nitrate, and gluconate free! Each 8.45 fl oz. of **ReefLifeElite<sup>R</sup> AragoniteL<sup>TM</sup>** will treat 2,500 gallons or 10,000 liters and contains 18,000 ppm of calcium and 19,800 ppm carbonates..

### Directions :

#### Shake well before using.

Add 20 ml (1 capful) per 200 gallons (800 liters) once a week.

Adjust dosage according to individual requirements (use

**ReefLifeElite CalciumTest<sup>TM</sup>** and **ReefLifeElite pHTest<sup>TM</sup>** and

**ReefLifeElite KH Test<sup>TM</sup>**) Every 10 ml per 100 gallons (400 liters) will

increase the calcium concentration by approx 8 ppm and carbonates

by 18 ppm. Maintain a calcium concentration of 400-450 ppm and a

pH of 8.2-8.4 and an alkalinity of 2.9-4.5 meq/l (8-12 dKH). This

product is intended to cloud the aquarium and any cloudiness

observed (due to its highly-concentrated formula) will dissipate within

an hour or so. If you keep it for a long time may be a large

amount of sediment, you can dissolve it again by adding **PetLifeElite**

**pH DownL<sup>TM</sup>** :

Width (inc) x Length (inc) x Height (inc) x 0.015625 = Volume (liters)

For example

20" x 48" x 20" x 0.015625 = 300 liters

Width (cm) x Length (cm) x Height (cm) / 1000 = Volume (liters)

For example

50 cm x 120 cm x 50 cm / 1000 = 300 liters

### Ingredients :

Deionized water, Calcium , Magnesium , Strontium , Potassium and Carbonate

Contains no phosphates, nitrates, gluconates, lactates, or other sugars.

### Remark :

Keep out of reach of children.

Not for human consumption.

For aquarium use only.

In case of contact with hands

or eyes rinse with plenty of

water.
