Po<sub>4</sub> Phosphate  
SiO<sub>4</sub> Silicate

4.2 fl oz (125 ml)  
38 gallons (150 liters)

600 liters

**Barcode :**

009989072008

**Weight :**

3.5 oz / 100 g

**Volume :**

4.2 fl oz / 125 ml

**Treat up to :**

38 gallons / 150  
liters

**Packaging :**

PET Plastic Jar

### Benefits :

Rapidly removes phosphate and silicate from marine and freshwater aquaria, 3.74g per gram per day.

### Informations :

**PetLifeElite<sup>R</sup> AOB AluminaOxideBalls<sup>TM</sup>** is highly porous and ball-shaped to promote easy water flow through and around it, thereby increasing both its efficiency and capacity.

*Controls algae growth* : Phosphates are a primary nutrient source for many types of algae. By removing excess phosphates from the water, **PetLifeElite<sup>R</sup> AOB AluminaOxideBalls<sup>TM</sup>** can help prevent algae overgrowth and keep the aquarium looking clean and healthy.

*Promotes coral growth* : High levels of phosphate can inhibit coral growth and reduce their coloration. By keeping phosphate levels low, **PetLifeElite<sup>R</sup> AOB AluminaOxideBalls<sup>TM</sup>** can help promote better coral growth and enhance their vibrant colors.

*Improves water quality* : Excess phosphates can lead to poor water quality, which can be harmful to fish and other aquatic organisms. By removing phosphates, **PetLifeElite<sup>R</sup> AOB AluminaOxideBalls<sup>TM</sup>** can help maintain a more stable and healthy aquatic environment.

*Reduces maintenance* : By reducing the growth of algae, **PetLifeElite<sup>R</sup> AOB AluminaOxideBalls<sup>TM</sup>** can help reduce the amount of maintenance required to keep the aquarium clean. This can save time and effort for aquarium owners.

*Removes impurities* : **PetLifeElite<sup>R</sup> AOB AluminaOxideBalls<sup>TM</sup>** is an excellent adsorbent that can remove a wide range of impurities from aquarium water, including dissolved organics, heavy metals, and toxins.

*Clarifies water* : **PetLifeElite<sup>R</sup> AOB AluminaOxideBalls<sup>TM</sup>** can help to clarify cloudy or discolored water by adsorbing suspended particles and impurities, resulting in a cleaner and clearer aquarium environment.

*Stabilizes pH* : **PetLifeElite<sup>R</sup> AOB AluminaOxideBalls<sup>TM</sup>** has a buffering effect that can help to stabilize the pH of the aquarium water, which is important for maintaining the health of fish and other aquatic organisms.

*Promotes healthy bacteria growth* : **PetLifeElite<sup>R</sup> AOB AluminaOxideBalls<sup>TM</sup>** can provide a substrate for the growth of beneficial bacteria that help to break down organic waste and keep the aquarium water clean and healthy.

*Can be used in various types of filters* : **PetLifeElite<sup>R</sup> AOB AluminaOxideBalls<sup>TM</sup>** can be used in different types of filters, including canister filters, hang-on-back filters, and media reactors.

**Freshwater & Saltwater suitable.**
