009989073203

Weight :

4.4 oz / 125 g

Volume :

4.3 fl oz / 125 ml

Treat up to :

62 gallons / 250  
liters

Packaging :

PET Plastic Jar

**Benefits :**

Rapidly removes phosphate and silicate from marine and freshwater aquaria, 1.38g per gram per day.

**Informations :**

**PetLifeElite<sup>R</sup> PFO PelletsFerricOxide<sup>TM</sup>** is highly porous and stick-shaped to promote easy water flow through and around it, thereby increasing both its efficiency and capacity.

*Controls algae growth* : Phosphates are a primary nutrient source for many types of algae. By removing excess phosphates from the water, **PetLifeElite<sup>R</sup> PFO PelletsFerricOxide<sup>TM</sup>** can help prevent algae overgrowth and keep the aquarium looking clean and healthy.

*Promotes coral growth* : High levels of phosphate can inhibit coral growth and reduce their coloration. By keeping phosphate levels low, **PetLifeElite<sup>R</sup> PFO PelletsFerricOxide<sup>TM</sup>** can help promote better coral growth and enhance their vibrant colors.

*Improves water quality* : Excess phosphates can lead to poor water quality, which can be harmful to fish and other aquatic organisms. By removing phosphates, **PetLifeElite<sup>R</sup> PFO PelletsFerricOxide<sup>TM</sup>** can help maintain a more stable and healthy aquatic environment.

*Reduces maintenance* : By reducing the growth of algae, **PetLifeElite<sup>R</sup> PFO PelletsFerricOxide<sup>TM</sup>** can help reduce the amount of maintenance required to keep the aquarium clean. This can save time and effort for aquarium owners.

**Freshwater & Saltwater suitable.**
