Barcode 359420002539 BioClean , maintenance kit for freshwater and saltwater aquarium
 BioClean brings together BioDigest (live purifying bacteria) and Bioptim (micronutrients) to effectively biologically clean your salt water aquarium. BioClean information *Bioclean* is a natural marine water aquarium cleaner that combines [BioDigest](#) and [Bioptim](#). [BioDigest](#):

- composed of **live bacterial strains**
- **aquarium cleaning by waste matter digestion is helped by the presence of numerous different strains of heterotrophic bacteria**
- **nitrites and phosphates are reduced in your aquarium**
- **enables water** to be effectively purified
- prevents the **spread of filamentous algae**
- **converts ammonia into nitrites - nitrites into nitrites - and - nitrites into nitrogen**

Bioptim:

- contains all the **microelements** needed for aquarium life (amino acids, enzymes, natural vitamins)
- provides **trace elements**: sulphur for proteins, iron for plants and fish blood...
- dynamises the cellular metabolism of most of the bacteria living in saltwater aquariums
- *Bioptim* speedily accelerates the **digestion of organic matter**
- **it also facilitates the elimination of nitrites and phosphates** **When should BioClean be used ?** A vial each 15 days maintains an optimal purification of aquarium To speed up the

purification process, not increase doses but instead use the product more frequently **How to use BioClean ?**

What volume ?	What range ?	What dosage ?
0 to 60 liters	Nano	1 vial / 15 days
61 to 120 liters	Nano	2 vials / 15 days

Number pieces in packaging:30 Number pieces in box:150
