Barcode :

009989072008

Weight :

3.5 oz / 100 g

Volume :

4.2 fl oz / 125 ml

Treat up to :

38 gallons / 150
liters

Packaging :

PET Plastic Jar

Benefits :

Rapidly removes phosphate and silicate from marine and freshwater aquaria, 3.74g per gram per day.

Informations :

PetLifeElite[®] AOB AluminaOxideBalls[™] is highly porous and ball-shaped to promote easy water flow through and around it, thereby increasing both its efficiency and capacity.

Controls algae growth : Phosphates are a primary nutrient source for many types of algae. By removing excess phosphates from the water, **PetLifeElite[®] AOB AluminaOxideBalls[™]** can help prevent algae overgrowth and keep the aquarium looking clean and healthy.

Promotes coral growth : High levels of phosphate can inhibit coral growth and reduce their coloration. By keeping phosphate levels low, **PetLifeElite[®] AOB AluminaOxideBalls[™]** can help promote better coral growth and enhance their vibrant colors.

Improves water quality : Excess phosphates can lead to poor water quality, which can be harmful to fish and other aquatic organisms. By removing phosphates, **PetLifeElite[®] AOB AluminaOxideBalls[™]** can help maintain a more stable and healthy aquatic environment.

Reduces maintenance : By reducing the growth of algae, **PetLifeElite[®] AOB AluminaOxideBalls[™]** can help reduce the amount of maintenance required to keep the aquarium clean. This can save time and effort for aquarium owners.

Removes impurities : **PetLifeElite[®] AOB AluminaOxideBalls[™]** is an excellent adsorbent that can remove a wide range of impurities from aquarium water, including dissolved organics, heavy metals, and toxins.

Clarifies water : **PetLifeElite[®] AOB AluminaOxideBalls[™]** can help to clarify cloudy or discolored water by adsorbing suspended particles and impurities, resulting in a cleaner and clearer aquarium environment.

Stabilizes pH : **PetLifeElite[®] AOB AluminaOxideBalls[™]** has a buffering effect that can help to stabilize the pH of the aquarium water, which is important for maintaining the health of fish and other aquatic organisms.

Promotes healthy bacteria growth : **PetLifeElite[®] AOB AluminaOxideBalls[™]** can provide a substrate for the growth of beneficial bacteria that help to break down organic waste and keep the aquarium water clean and healthy.

Can be used in various types of filters : **PetLifeElite[®] AOB AluminaOxideBalls[™]** can be used in different types of filters, including canister filters, hang-on-back filters, and media reactors.

Freshwater & Saltwater suitable.
