### PetLife (Supplement) ReefLifeElite CalciumL 280ml

[PetLife \(Supplement\) ReefLifeElite CalciumL 200ml](#) [PetLife \(Supplement\) ReefLifeElite CalciumL 5000ml](#)

**Benefit :**

**ReefLifeElite<sup>®</sup> CalciumL<sup>™</sup>** is liquid calcium that can be used immediately by aquatic organisms.. Many reef organisms form shells or skeletal structures by depositing calcium that is removed from aquarium water. Because the organism's need for calcium is continuous, the addition of **ReefLifeElite<sup>®</sup> CalciumL<sup>™</sup>** to your aquarium in carefully measured quantities helps maintain the proper water quality for optimal growth of soft and hard corals, mollusks, tube worms, and calcareous and coralline algae. **ReefLifeElite<sup>®</sup> CalciumL<sup>™</sup>** alone can provide all the calcium your reef will need, but for best results, use **ReefLifeElite<sup>®</sup> Kalkwasser+** first, then raise calcium level with this product. Strontium addition via use of **ReefLifeElite<sup>®</sup> Strontium+** is absolutely necessary. Use of **ReefLifeElite<sup>®</sup> Perfect<sup>™</sup>**, and **ReefLifeElite<sup>®</sup> ReefVits<sup>™</sup>** are beneficial, as well.

#### Directions :

##### Shake well before using.

Use one inner capful (6 ml) for every 60 gallons (240 liters) or one full capful (20 ml) for every 200 gallons (800 liters) once a week.

Adjust dosage according to individual requirements (use **PetLifeElite<sup>®</sup> CalciumTest<sup>™</sup>**) Every 6 ml per 60 gallons (240 liters) will increase the calcium concentration by approx 10 ppm. Maintain a calcium concentration of 380 to 450 ppm.

##### To Calculate :

Width (inc) x Length (inc) x Height (inc) x 0.015625 = Volume (liters)

For example

20" x 48" x 20" x 0.015625 = 300 liters

Width (cm) x Length (cm) x Height (cm) / 1000 = Volume (liters)

For example

50 cm x 120 cm x 50 cm / 1000 = 300 liters

#### Ingredients :

Deionized water, Free Calcium and Chloride.

Contains no phosphates, nitrates, gluconates, lactates, or other sugars.

#### Remark :

Keep out of reach of children.

Not for human consumption.

For aquarium use only.

In case of contact with hands  
or eyes rinse with plenty of  
water.
