Benefit :

This highly attractive natural tuna liquid combines whole succulent pieces of prime tuna meat with enzyme hydrolysed tuna protein extract to create a truly complete, ultimate tuna-based natural liquid food. Containing all the valuable, appetite-stimulating nutrients supplied by tuna in a rich-tasting and naturally aromatic liquid form, this salty, PVA friendly bait additive can be used in a multitude of ways to increase the attraction potential of any hook bait or loose feed being used. With a high content of omega oil-rich pieces of pure tuna meat mixed with soluble tuna protein extract liquid, this unique CC Moore product will add an irresistible boost of attraction to your baits by supplying meaty particles of tuna that will wash around your baited area. as they release salts, amino acids, omega fish oils, vitamins and minerals that can trigger a powerful feeding response from present and passing fish. **PetLifeElite^R AminoAcids+TM** is a natural product so can not be over included in food mixes. We recommend using 50ml / kg, adding it into your food. Mixing the other medicine or multi-vitamins with food like bloodworm, krill, mussel, belachan or other food to minimize loss medicine do not dissolve in water.

Directions :

Shake well before using.

FOR FISHES : Add 1-2 drops per 1 teaspoon of food. Feeding it within 12hrs.

FOR CORALS : Add 1 drop per 100 liters, once a week.

Be careful not to let the dropper touch the water.

To Calculate :

Width (inc) x Length (inc) x Height (inc) x 0.015625 = Volume (liters)

For example

20" x 48" x 20" x 0.015265 = 300 liters

Width (cm) x Length (cm) x Height (cm) / 1000 = Volume (liters)

For example

50 cm x 120 cm x 50 cm / 1000 = 300 liters

Ingredients :

Tuna extract, Lecitin, Biotin, Multi-vitamins.

Contains no gluconates, lactates, or other sugars.

Remark :

Keep out of reach of children.

Safe for human consumption.

For aquarium use only.

In case of contact with hands
or eyes rinse with plenty of
water.
