**factory** EHEIM universal pumps offer a large performance spectrum and a wide variety of uses. They are very reliable equipment offering exceptionally long service life. They can be used inside or out of water. The integrated prefilter, safe hose connections, a variety of connections and fixings, but above all their absolute reliability make the EHEIM universal pumps very popular. They are frequently used in a professional environment e.g. in breeding units and in zoos. There are 5 models with output levels from 300 u to 3400 l/h., each with a choice of 1,5 m (Indoor) or 10 m (Outdoor) cable. Also there is a flexible hobby pump with 270 l/h. output (see below). **Benefits of the EHEIM**

**universal pumps** Large performance spectrum, developed for long service life Usage in/under water or outside the water Hermetically moulded motor guarantees guarantee complete safety Integrated prefilter protects the impeller from any drawn in particles and ensures longer service life Inlet connectors for safe hose connection Use of smart accessories; (e.g. InstallationsSET 2) can be attached to the outlet connector A variety of fixing possibilities (mounting plate included) All models with a choice of 1,5 m.
