Normal Impellor

External
and
Internal

SILENT Water Blaster Pump runs at the silent way which you almost cannot detect its vibration.

3 YEAR WARRANTY You will have peace of mind knowing Bubble Blaster pumps is warranted against defective material and manufacturing faults of the Bubble Blaster body for 36 months

DRY RUNING With the special Silicon Nitride material used to the impeller, Bubble blaster pump can be running dry without water, while it is a warning issue for other pumps to operates

ENERGY EFFICIENT Water Blaster pumps consumes less energy with improved efficiency compared to other conventional pumps

DIGITAL CIRCUIT BOARD Digital Control Circuit Board controls directional start-up, RPM speeds and an auto shut-off function if the Water Blaster detects a problem. More importantly, it controls the pump working stably and more efficiently

SILICON NITRIDE IMPELLER The Impeller bearing and shafts is made of Silicon Nitride, unlike other ceramics, Silicon Nitride has superior wear-resistance, self-smooth natural, and will prevent calcium build up. Therefore reducing maintenance frequencies and ensure a longer operating life

INTERNAL /EXTERNAL USE Water Blaster pumps can be operated internally submerged by the water or externally, according to you need

POWERFUL WATER FLOW Water Blaster pumps runs with a more powerful water flow, that makes the recirculation of your filtration system more productively

Brand : Reef Octopus

Model : WB-3000W

Voltage : 220-240V

Frequenct : 50-60Hz

Working Current : 0.15A

Working Watt : 35w

Flow Max : 3000 liters/hr.

Hight Max : 2.4m.

Place for installation : internal & external use

Number pieces in packaging:1 Number pieces in box:12
